			Maintenance Manager	Customer Coordinator	Chief Station Engineer	Duty Engineer	Aircraft Certifying Staff	Aircraft Certifying Staff (be a Aircraft Inspector)	Aircraft Certifying Staff (involved in Engine Run Up)	Engine Borescope Inspector	Aircraft Mechanic	Compliance Monitoring Manager	Compliance standard Executive	Compliance Control Executive	Safety Management Manager	Safety Executive	Technical Services Manager	Senior Technical Services	Technical Services Executive	Store and Purchase Manager	Store and Purchase Executive	Store Inspector
1	Human Factors in Aviation Maintenance*																					
2	Safety Management System*																					
3	Dangerous Goods Awareness*																					
4	Company Policy, Procedures (MOE & TPM) and 145 CAAT/NAA Laws and Regulations*																					
5	Aircraft General Familiarization for B737-600/700/800/900 (CFM56) and/or B737-7/8/9 (CFM LEAP-1B)*																					
6	Aircraft General Familiarization for Aircraft Type A318/A319/A320/A321*																					
7	Aircraft General Familiarization for B777-200/300/300ER (GE90, RB211 Trent 800)*																					
8	Aircraft General Familiarization for A330-200/300/800/900 (RR Trent 700, PW4000, GE CF6, RR Trent 7000)*																					
9	Aircraft General Familiarization for B787-8/9/10) (RR211 Trent 1000) and (Genx)*																					
10	Aircraft General Familiarization for Aircraft Type B767-200/300 (PW4000) and (RB211)*																					
11	Aircraft General Familiarization for Aircraft Type A350-900/1000 (RR Trent XWB)*																					
12	Aircraft General Familiarization for Aircraft Type ERJ-190 (PW1900G)*																					
13	Aircraft Type for B737-600/700/800/900 (CFM56) and/or B737-7/8/9 (CFM LEAP-1B) and Relevant Technology*																					
14	Aircraft Type for A318/A319/A320 and Relevant Technology*																					
15	Aircraft Type for B777-200/300/300ER (PW4000, GE90, RB211 Trent 800) and Relevant Technology*																					
16	Aircraft Type for A330-200/300/800/900 (RR Trent 700, PW4000, GE-CF6, RR Trent 7000) and Relevant Technology*																					
17	Aircraft Type for B787-8/9/10 (RR211 Trent 1000) and (Genx) and Relevant Technology*																					
18	Aircraft Type for B767-200/300 (PW4000) and (RB211) and Relevant Technology*																					
19	Aircraft Type for A350-900/1000 (RR Trent XWB) and Relevant Technology*																					
20	Aircraft Type for ERJ-190 (PW1900G) and Relevant Technology*																					
21	Aircraft Parts and Material Receiving*																					
22	Fuel Tank Safety (Phase 1)*																					
22	Fuel Tank Safety (Phase 1) and (Phase 2)*																					
23	Electrical Wiring Interconnection System*																					
24	Special Operations (RVSM, PBN/RNP, CAT II/III)*																					
25	Special Operations (EDTO/ETOPS)*																					
26	CFM56 Engine Borescope Inspection *																					
27	Customer procedure																					
28	Aircraft Inspection Techniques																					
29	Engine Run Up																					
30	Internal Audit																					
31	Lead Auditor	Applicable with Lead Auditor																				
32	Train the Trainer	Applicable with Instructor																				

Note: ** = Require recurrent training every 2 years* *Require initial training* *= Not require*
